

# INDUSTRY OPEN HOUSE WEBINAR

***ELECTRIC VS. GAS: DON'T GET ZAPPED!***

***THE TRUE COST OF GAS VS. ELECTRIC***

As we continue to move towards electrifying our mowing and small engine fleets, there are more options available to managers than ever before. This presentation will cut through the marketing to give you the tools needed to make the best financial decision for your operation.

- Learn what is involved to switch your fossil fuel landscape management fleet to electric;
- Discover the true cost of ownership for both fossil fuel and electric equipment;
- Learn the labor workflow changes necessary for success with electric equipment;
- Get the tools needed to determine your Break Even Point for equipment decisions.
